Vintage Speedmaster Market Report · Week of October 11 – 17, 2026

---

## THE WEEK AT A GLANCE

*The calibre-861 value end did all the verified trading again: two Catawiki timed sales — a 1971 145.022-71 at €4,300 on October 11 (41 bids, below its €6,500–€7,200 estimate) and a no-reserve 145.022-68 at €3,100 on October 13 — while the calibre-321 references recorded no verifiable realized sales, the marquee auction calendar fell just outside the week, and eBay's sold listings stayed unverifiable behind bot challenges.*

## CK 2915

1957–59 · calibre 321 · Broad Arrow

*No verifiable realized sales recorded this week.*

Market note — No verifiable realized sales. Glass Case median asking \$74,029 (n=2, \$53,058–\$95,000 — asking only); the week's only Chrono24 sighting was a 2915-1 dial-only listing, price not displayed.

## CK 2998

*No verifiable realized sales recorded this week.*

Market note — No verifiable realized sales. Median asking \$13,263 (n=26, \$6,151–\$39,000, asking). Analog:Shift's Ed White at \$24,770 asking left the sweep October 13 and its product-page status has flipped since — a removal, not a confirmed sale; no realized price was ever stated.

## Methodology

Realized prices are sales confirmed as completed with a published price. Asking prices are current dealer listings, labeled as such and never mixed with realized figures. Prices are reported exactly as listed; no currency conversion was applied. References with no verifiable in-window sales are reported honestly. See the full methodology on speedmastergonzales.com.
