Vintage Speedmaster Market Report · Week of October 18 – 24, 2026

THE WEEK AT A GLANCE

Zero verifiable realized sales across all nine references, October 18–24: Antiquorum's New York return on October 18 was an independents-led sale with no verifiable vintage Speedmaster lot, the timed platforms printed nothing in-window, and the week's one claimed eBay print failed verification on re-check and was withdrawn. Asking prices barely moved — and a Bulang Ed White left the board at a €19,000 ask, which is a removal, not a result.

CK 2915

1957–59 · calibre 321 · Broad Arrow

No verifiable realized sales recorded this week.

Market note — No verifiable realized sales. Glass Case median asking \$73,888 (n=2, \$52,775–\$95,000 — asking only), essentially flat on last week's \$74,029; supply at this level stays at two tracked listings.

CK 2998

1959–63 · calibre 321

No verifiable realized sales recorded this week.

Market note — No verifiable realized sales. Median asking \$26,733 (n=13, \$17,128–\$142,991, asking), a touch softer than last week's \$27,243. Bulang's 2998-61 (w3782) went ON HOLD at €23,900 asking on October 23 — a status change, not a sale.

ST 105.002

1963 · calibre 321

No verifiable realized sales recorded this week.

Market note — No verifiable realized sales. Median asking \$27,699 (n=13, \$8,535–\$39,000, asking) — up from \$19,302 last week on a similar count; at n=13, mix rather than momentum is the honest read.

ST 105.003

1964–65 · calibre 321 · “Ed White”

No verifiable realized sales recorded this week.

Market note — No verifiable realized sales. Median asking \$13,653 (n=26, \$6,166–\$41,187, asking), flat on last week. The week's headline departure: Bulang's tropical-dial Ed White (w3754, with Extract of the Archives), last seen live at €19,000 on October 20 and absent since October 21; its product page now redirects to the Bulang homepage — it left the board, and no sale price or date was ever published.

Market note — No verifiable realized sales. Median asking \$15,000 (n=25, \$895–\$85,000, asking — the recorded range includes a low-end outlier), flat on last week's \$14,993.

No verifiable realized sales recorded this week.

Market note — No verifiable realized sales. Median asking \$9,099 (n=11, \$6,081–\$10,320, asking), flat on last week; last week's €3,100 Catawiki no-reserve print remains this reference's most recent realized comp.

ST 145.022-71

1971–74 · calibre 861 · incl. “No NASA” caseback

Methodology

Realized prices are sales confirmed as completed with a published price. Asking prices are current dealer listings, labeled as such and never mixed with realized figures. Prices are reported exactly as listed; no currency conversion was applied. References with no verifiable in-window sales are reported honestly. See the full methodology on speedmastergonzales.com.
